

Electronics Technician

Overview-

ADX Communications is a family-owned broadcaster in the beautiful beach town of Pensacola, Florida. We seek an experienced Electronics Technician with a successful track record and who loves supporting electronic systems and working with engaging teammates. Also known as "Broadcast Technician".

We operate WYCT/Cat Country 98.7, WNRN/NewsRadio 92.3--95.3--AM1620, WEBY/ESPN Pensacola AM1330--99.1, Pensacola Playlist 94.5 (& 98.7-HD2). For us, the broadcast business is all about serving our communities, listeners, team members, and our advertisers.

Position Overview-

ADX Communications is recruiting for an experienced Electronics Technician who also has good IT skills. This team-member manages the installation, maintenance and repair of studio, transmitting and ancillary equipment to maintain high-quality radio signals in our community while complying with published Federal Communications Commission (FCC) technical standards. This position includes responsibility for audio, AM & FM transmitters, satellite receivers, telecommunications gear, and computer & networking systems.

Our radio stations are full of creative, fun team-members, and we hope this will be an enjoyable position for you too.

Key Responsibilities & Qualifications-

Key Responsibilities:

- Maintains station operation through preventative and corrective maintenance.
- Establishes routine maintenance procedures and schedules for all broadcast equipment including documentation.
- Handles the installation and maintenance of Wheatstone control consoles and AOIP audio distribution, PC and server-based audio editors, skimmer and streaming computers, transmitters, antennas, control systems, remote equipment, etc.
- Works with local broadcast talent to support remote broadcasts as needed.

Qualifications:

- Good verbal & written communication and leadership skills.
- Interact with management and staff at all levels and ability to multitask, handle pressure, and meet deadlines.
- Experience is helpful with audio recording, audio routing, digital audio and delivery.
- Ability to gain computer literacy in applicable software packages which include Microsoft 365, and Internet-interfaced proprietary gear. iMediaTouch & WheatNet software used for station automation.
- Ability to troubleshoot broadcast and business computer equipment.
- Ability to work independently and learn to troubleshoot/repair high-power AM and FM transmitting facilities.
- IT skills including LAN and WAN operations.

- Knowledge of electrical systems, UPS, and standby generators.
- Knowledge of POTS and VOIP telephone systems.
- Must be able to lift 50 pounds.
- Ability to climb stairs and ladders is required.
- Ability to qualify to be on company's auto insurance plan, so company-owned vehicles can be driven.

Education and Licensing:

- Associates or technical degree in Electronics Technology or related field, or equivalent level of experience. Military experience is highly appreciated.
- SBE CBRE Certification is a plus.
- Must possess valid state driver's license and provide required proof of personal vehicle insurance.
- ADX is open to sending experienced techs to school on specific systems.

What We Offer:

- Competitive Pay.
- Fun, fast-paced team atmosphere.
- Focused, responsible and collaborative work environment with the ability, to ask "what if" and try innovative solutions.
- Medical, Dental & Vision Insurance coverage.
- 401K with company profit sharing match.
- Paid PTO-Vacation, Sick & Holiday time off.
- Paid life insurance for FT staff-\$125,000.
